

CHANGCHUN INSTITUTE OF OPTICS, FINE MECHANICS AND PHYSICS, CHINESE ACADEMY OF SCIENCE
Changchun 130033, P. R. China

The transfer agreement in the following must be signed and returned to the Editor's Office before the manuscript can be published in *Chinese Optics*.

Article Title: Design Optimization of a Sensitivity-Enhanced Tilt Sensor Based on Femtosecond Fiber Bragg Grating

Names of All Authors: Theophilus Nutsuglo, Yongxing Guo, Wanhuan Zhou, Haisheng Yu, Ruhua Ren, Shun'an Shen

TRANSFER OF COPYRIGHT AGREEMENT

Copyright to the unpublished and original articles which are above-listed and submitted by the above author(s), the abstract forming part thereof and any subsequent errata is hereby transferred to the *Chinese Optics (CO)* which is published by Changchun Institute of Optics, Fine Mechanics and Physics. And then full terms of above-listed article are transferred to **CO** throughout the world, which are subject to the Author Rights defined hereinafter and to acceptance of the Article for publication in **CO**. All material to be published as part of the Article are included in the transfer of copyright, which are included but not limited to tables, figures, and graphs.

The author(s) shall have the following rights (the "Author Rights"):

- (1) The Publisher agrees not to grant licenses to third parties to use all or part of the Work without such third parties obtaining the consent of the Authors.
- (2) This agreement does not affect all proprietary rights other than copyright and the publication rights transferred to **CO**. In particular it does not affect patent rights or moral rights in or to the Work.
- (3) The right to make and distribute copies of the Paper for internal purposes, such as, the further copies of all or part of the published article for my use in lecture or classroom teaching, reusing all or part of this material in a compilation of my own works or in a textbook of which I am the author and copies of the published work for internal distribution within the institution that employs me. I/We agree that copies made under these circumstances will continue to carry the copyright notice that appeared in the original published work. I/We agree to inform my co-authors, if any, of the above terms. I/We certify that I/we have obtained written permission for the use of text, tables, and/or illustrations from any copyrighted source(s), and I/We agree to supply such written permission(s) to Editorial Board of **CO** upon request. Commercial purposes or modification of the content of the paper are prohibited.
- (4) To post and update the Work on non-Publisher servers (including e-print servers) as long as access to such servers is not for commercial use and does not depend on payment of access, subscription, or membership fees. Any such posting made or updated after acceptance of the Work for publication shall include the citation information and copyright notice and should provide an electronic link to **CO** web site.
- (5) If the work that forms the basis of this Paper was done under a contract with a governmental agency or other entity that retains certain rights, the copyright in the Paper belongs to your employer as a work-for-hire. In that case, Editorial Board of **CO** assumes that when you sign this Agreement, you are authorized to do so by your employer and that your employer has consented to the transfer of copyright, to the representation and warranty of publication rights, and to all other terms and conditions of this Agreement. If such authorization and consent has not been given to you, an authorized representative of your employer should sign this Agreement as the Author.

By signing this Agreement, the author(s) and the employer should represent and warrant that

- (1) The Article is original and has not previously been published elsewhere.
- (2) This Article does not infringe on any copyright or other rights in any other work.
- (3) All necessary reproduction permissions or licenses have been obtained.
- (4) He/She in the above-titled Paper is the author of the article and it simultaneously is not under consideration for publication elsewhere.
- (5) It contains no matter that is scandalous, obscene, libelous, or otherwise contrary to law.
